

Master of Business Administration

Program description

The **Master of Business Administration Program (MBA)** is designed for young managers as well as specialists without a managerial position, but who wish to build a solid managerial career in Moldova and/or abroad. The MBA program enables participants to conduct their management education in parallel with a professional career and thereby achieve additional competence and expertise in various fields of business.

BENEFITS:

- Knowledge, professionalism and experience at international level;
- Career growth opportunities, self-employability, independent entrepreneur;
- Practical applicability of the provided knowledge — strategic plan to implement;
- Business connections and networking;
- Intermediary certification on: 20 Keys, TOC, Business English and other;
- Internationally renowned degree title and accepted business qualification.

DURATION: 12 months

CONTENT: 12 courses

PROGRAM FORMAT:

Each course is designed in a unique approach, as follows:

Core training session

Invited foreign professors with extensive business practice from world class universities;

Top local experts providing educational experience and lectures on regional specifics of business or services

Business simulation exercises – board-based or PC-based business games.

“Business simulation games incorporate relevant hands-on activities in an environment that simulates own operating conditions so people learn by experience—their own. With this knowledge, everyone can take immediate and appropriate action”. *CELEMI, Sweden — “The power of Learning”*©

Practical workshops

Focus groups discussions where participants share views, provide inputs and data analysis on a very specific topic or individual situation, getting special coaching and assistance from professionals.

Final project focused on solving a real company’s problem

The project will present the findings, results and conclusions of the participant’s original research, in a strategic implementation plan.

Local study tours

Participants will be encouraged to compare views, share experience through visits to successful Moldovan enterprises.
